

UA Local 190 Health & Welfare Plan *COVID-19 (Coronavirus) Temporary Benefit Changes*

Dear Participants:

The Fund has *temporarily* enhanced your health care benefits to provide the following coverage as it relates to COVID-19:

1. COVID-19 Test

The Fund will cover the cost of *medically necessary* COVID-19 tests that are prescribed for you and your family by your doctor, following Centers for Disease Control (CDC) guidelines. This means you'll incur *no cost sharing* for COVID-19 testing that follows CDC guidelines.

But, please note: cost sharing for testing for other conditions and treatments not related to COVID-19, if applicable, will apply.

2. Prior Authorizations

Prior authorization will be *waived* for diagnostic tests and for covered services related to COVID-19 that are medically necessary -- provided your doctor follows the CDC guideline when prescribing the test.

3. Impact on Prescription Drugs

Access to prescription drugs -- even drugs not related to COVID-19 -- will be temporarily expanded to ensure you and your family *do not* experience shortages or difficulties filling your prescriptions. The Fund implements this expanded access by:

- Waiving early medication refill limits on 30-day prescription maintenance medications, *except for opioid drug limits*; and
- If there are drug shortages or access issues due to COVID-19, the Fund will practice formulary flexibility.

4. Remote Care Option

The Fund, through Blue Cross Blue Shield of Michigan (BCBSM), offers the following remote access care option provided at *no cost to you*:

Virtual Visit: Primary care physicians who have the capability to conduct virtual or telephonic visits, this availability is based on the capabilities of your individual provider.

24-Hour Nurse Line: A registered nurse is available by phone at 1-800-775-BLUE (2583) and can answer your questions regarding symptoms and direct you on the next steps in your care.
